

April 2, 1975

PRESIDENT: Any further discussion? Senator Kremer.

SENATOR KREMER: Only this, Mr. Chairman. I'm willing to cast my vote to move it back. I have some apprehension about this amendment. It could kill the bill. I think we all need to have a look at it. If we move it back and leave it there for a day or so, Senator Carsten. I'm willing to help you put it back there.

PRESIDENT: The question is the referral of LB 341 back to Select File for specific amendment. Record your vote. Record Mr. Clerk.

CLERK: 38 ayes, 0 nays, remainder not voting on the motion to return, Mr. President.

PRESIDENT: Motion passes. The bill is returned to Select File for specific amendment. Mr. Clerk read, for the final time, LB 474.

CLERK: Read title.

(mic inactivated)

PRESIDENT: We now move off Final Reading to Select File. Chair recognizes the Speaker, Senator Burbach.

SPEAKER: Mr. President, members of the Legislature, I would like to refresh your memory. Yesterday we were not in session, of course, the Department of Health were here and they are here today. It's a hypertension program scheduled for Tuesday, this morning, and will also be held Wednesday morning. You may go out there at your leisure and get your blood pressure tested. This is a service that we can do. We can proceed with our regular floor activities here and, yet, participate in that program that's available to us.

PRESIDENT: Senator Duis, for what purpose do you arise?

SENATOR DUIS: Well, Mr. President, I was wondering if we should go out just after we've had a confrontation on a bill, or when we're relaxed?

PRESIDENT: That's why the Speaker chose just after Final Reading to do this, Senator.

SENATOR DUIS: Thank you so much.

PRESIDENT: We've also been advised that this test takes about a minute and a half. Those of you who want to provide the leadership that we talk about can slip out there and get it done. Mr. Clerk, Select File.

CLERK: Mr. President, the only bill previously scheduled for Select File is LB 303. The bill was originally considered on March 26th. The E & R amendments were adopted and the bill was then laid over. We have no further amendments on the bill.
